

Request for Proposals

INSPECTION SERVICES

Questions/Answers

In follow-up to this RFP, below is the only question received by the deadline shown in **bold** and the MCHA's response shown in *italics*.

Question #1

Currently providing inspections to two housing authorities. We do offer HUD inspections to other governmental and non-profit organizations. Would they be able to be used as a reference in lieu of a third housing authority?

Response #1

The MCHA's RFP specifically states proposers must submit References (from at least three (3) housing authorities that administer HCVPs of similar size). Proposals that do not meet said standard will be evaluated accordingly.
